Local Government Information Technology Conference
13th - 16th November 2007 - Novotel Pacific Bay Resort

The 10th Annual IT conference for Local Government presented by Coffs Harbour City **Council**

The theme for this year's conference is "**PRODUCTIVITY**".

The conference will assist Local Government IT professionals to identify the real IT needs of their organization and help them to achieve greater productivity.

The presentations this year will focus on:

- IT Best Practices
- Cutting edge and emerging IT technologies
- Council case studies
- Industry and Government trends
- Management Skills and Techniques
- Personal/Professional Growth & Development
